## INFRASTRUCTURE & FACILITIES

Facilities are clean and well organized. Classrooms are comfortable and support collaborative learning. Outdoor areas are appreciated by students. Some spaces feel busy during peak times. Maintenance is handled promptly. Overall infrastructure meets expectations.

## ACADEMIC QUALITY & CURRICULUM

The curriculum feels challenging and internationally minded. Students are encouraged to explore ideas beyond textbooks. Learning feels relevant and engaging. Assessment practices are clear. Academic expectations are communicated well. We are satisfied with the quality of instruction.

## PARENT-TEACHER COMMUNICATION

Communication can feel inconsistent across departments. Some messages arrive late or lack detail. It is sometimes unclear whom to contact for specific concerns. Follow-up can take longer than expected. This creates occasional frustration. Improved clarity would help parents feel more informed.

## STUDENT EXPERIENCE & WELLBEING

Students seem comfortable and confident in their environment. Emotional wellbeing is acknowledged in daily interactions. My child enjoys coming to school. Peer relationships are encouraged positively. Support is available when issues arise. The atmosphere feels nurturing.

## TEACHER QUALITY & STABILITY

Teachers are highly engaged and knowledgeable. Lessons feel dynamic and well structured. There is a sense of continuity across grades. Staff turnover has been minimal. Teachers know students well. This consistency makes a big difference.

## **SCHOOL LEADERSHIP & COMMUNITY**

Leadership appears invested in long-term growth. Community events are inclusive and well attended. There is respect for cultural diversity. Feedback is welcomed, even if changes take time. The school culture feels intentional. Parents generally feel valued.

## **RESOURCES & CAPACITY**

Some programs feel limited by available resources. Specialized support can be difficult to access quickly. As the school grows, capacity feels stretched. Teachers manage well, but additional support would help. Planning could be more proactive. Resource allocation needs attention.
